NEW! Licensing System

The California Department of Fish and Game (DFG) is pleased to announce that the new licensing system known as the Automated License Data System (ALDS) began implementation in August 2010. This new system will include the phasing out for some of the current paper licenses and the implementation of new automated license issuance processes. The ALDS provides new features and capabilities to make licenses more accessible, enhance DFG's law enforcement and resource management capabilities, designation for licenses issued to individuals versus businesses and ultimately improve customer service.

NEW! Identification Requirements

Identification is now required for all first time purchases through the Internet Point of Sale (IPOS) system. Section 700.4, Title 14, of the CCR, states that any applicant applying for any license, tag, permit, reservation or other entitlement issued via the ALDS shall provide valid identification.

Acceptable forms of identification for individuals include:
